Test Script

1	Status	PASS
	Details	Validating the License Expiry Date field using the test data with the valid date format yyyy-mm-dd
	Test Data	2023-12-15
	Expected Result	Entered Test data should be displayed in the Text box
	Actual Result	Got the expected result
	Issues	-
2	Status	PASS
	Details	Validating the License Expiry Date field using the test data with the invalid date format dd-mm-yyyy
	Test Data	15-12-2023
	Expected Result	Error message should appear stating 'Should be a valid date in yyyy-mm-dd format ' under the text box in red and the text box border should be red
	Actual Result	Got the expected result
	Issues	-
3	Status	PASS

3	Status	PASS
	Details	Validating the License Expiry Date field using the test data with random numerical values
	Test Data	"12546"
	Expected Result	Error message should appear stating 'Should be a valid date in yyyy-mm-dd format ' under the text box in red and the text box border should be red
	Actual Result	Got the expected result
	Issues	-
4	Status	PASS
	Details	Validating the License Expiry Date field using the test data with random String of characters
	Test Data	"hari125"
	Expected Result	Error message should appear stating 'Should be a valid date in yyyy-mm-dd format ' under the text box in red and the text box border should be red
	Actual Result	Got the expected result
	Issues	-
5	Status	PASS
	Details	Validating the License Expiry Date field by clicking on the calendar icon
	Test Data	-
	Expected Result	Calendar should be displayed as a dropdown in the the License Expiry Date field
	Actual Result	Got the expected result
	Issues	-
6	Status	PASS
	Details	Validating the License Expiry Date field by clicking on the calendar icon and choosing a date in it
	Test Data	-
	Expected Result	Selected date should be displayed in the field
	Actual Result	Got the expected result
	Issues	-
7	Status	PASS
	Details	Validating the month dropdown in the Calendar icon by clicking on it
	Test Data	-
	Expected Result	Drop down should display the months in it
	Actual Result	Got the expected result
	Issues	-
8	Status	PASS
	Details	Validating the month dropdown in the Calendar icon by clicking on it and selecting a month
	Test Data	Select "October"
	Expected Result	Selected Month should be displayed in the month dropdown of the Calendar

	Actual Result	Got the expected result
	Issues	-
9	Status	PASS
	Details	Validating the year dropdown in the Calendar icon by clicking on it and selecting a year
	Test Data	Select "2023"
	Expected Result	Selected year should be displayed in the year dropdown of the Calendar
	Actual Result	Got the expected result
	Issues	-
10	Status	PASS
	Details	Validating the Calendar dropdown by clicking on a date
	Test Data	Select "18"
	Expected Result	The License expiry date field should display the selected date along with the selected month and year which was given as test data
	Actual Result	Got the expected result
	Issues	-
11	Status	PASS
	Details	Validating the Calendar dropdown by clicking on Today Button
	Test Data	-
	Expected Result	Today's date will be displayed in yyyy/mm/dd format in the License expiry date field
	Actual Result	Got the expected result
	Issues	-
12	Status	PASS
	Details	Validating the Calendar dropdown by clicking on Clear Button
	Test Data	-
	Expected Result	The License expiry date field must become blank displaying only 'yyyy/mm/dd'
	Actual Result	Got the expected result
	Issues	-
13	Status	PASS
	Details	Validating the Calendar dropdown by clicking on Close Button
	Test Data	-
	Expected Result	The Calendar dropdown must be closed
	Actual Result	Got the expected result
	Issues	-
